

## St. Mark's Parents' Day Out Child Care Program

**PDO's purpose** is to provide loving, competent care for preschool children from 2 years of age through 4+. We believe children can benefit from time away from their home routine by meeting and playing with other children in a loving and caring environment. Likewise, parents have a need for some time away from their children.

**Our History** at St. Mark's PDO began over 20 years ago. Traditionally, PDO was a two day program, but due to an increase in demand, we expanded to three days and then to five days a week, giving parents the option to enroll their child or children up to two days during each week. Also, because we recognized a special need for those children who graduated from our 2 to 4 year old program but who are not quite ready for kindergarten, we added one day for 4+ children. We have been fortunate to have the same director and teachers for many years.

**Eligibility:** PDO is a community service sponsored by St. Mark's Episcopal Church. Any member of the community may be eligible to enroll. A child does not have to be toilet-trained to enroll in St. Mark's PDO.

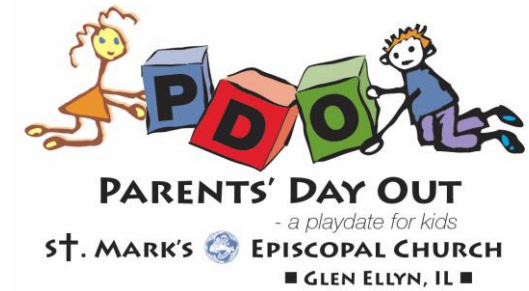

**PDO Registration** is held in early spring. St. Mark's parishioners have priority registration, followed by those currently enrolled, and then registration is open to the community. Children register for one or two days.

**Enrollment:** To register a child, the parent must fill out a registration packet that includes a physical examination form. These are provided by our Director and are also available in the church office. A nonrefundable enrollment fee of \$50 per child is required. The enrollment cost is \$75 for two or more children from the same family.

**Fees:** A fee of \$25 per session will be charged per child. If two children from the same family are enrolled, the fee will be \$45 per session; three children will be \$60 per session. A monthly payment is due on the first day attended each month. Checks are made payable to St. Mark's PDO.

**St. Mark's Episcopal Church**

*Rooted in baptism. Growing in faith.  
Branching out into the world.*

St. Mark's is an Episcopal Church that has been a vital center of worship and outreach in Glen Ellyn since its founding in 1897. We offer formation programs for all ages and are truly an inter-generational parish. Our outreach is both local and international, including a companion church in southeast Mexico.
